

# Universal Paint Thinner

## Product description:

MEGA 902 Universal Paint Thinner is a high-grade paint thinner, with which nearly all common varnishes/paints based on two components can be diluted.

## Application:

To dilute nearly all varnishes/paints based on two components in the paint manufacturing industry, in the wood processing sector and in the painting and varnishing trade.

## Properties:

Free of methanol and toluol. Strong removal power with small amount of additives, varnishes/paints are ready for use. Ensures a very good spreading rate and a high gloss of the coating. Evaporates without leaving behind any residue. Therefore, the coating cannot be affected after drying. Average flash-off time. MEGA 902 Universal Paint Thinner complies with the latest findings in the solvent sector.

## Packaging size:

1 l, 3 l, 6 l, 12 l, 30 l, 500 ml

## Application:

MEGA 902 Universal Paint Thinner can be easily applied in connection with the paint systems to be used by means of a brush, paint roller or sprayer.

## Technical specifications

### Spec. weight:

0.847 g/cm<sup>3</sup>

### Evaporation rate:

5 (ether= 1)

## Consistency:

liquid

## Storage:

Keep the container tightly closed and store in a cool, well ventilated place. Please observe the legal storage requirements.

## Information on disposal:

Only give fully empty containers to recycling. Material residues can be disposed of according to the legal provisions.

## Hazard class: ASN 070104

## RID/ADR: Class 3, code F1

UN 1993

## Contains:

Ethyl acetate; acetone; N-butyl acetate; xylene (reaction product of xylene and ethylbenzene)

## Product code: M-VM 02

## Hazard warnings and safety instructions:

Liquid and vapour are flammable. Can be fatal if swallowed or if airways are penetrated. Causes skin irritations. Causes severe inflammation of the eyes. Can cause drowsiness and light-headedness. Harmful to aquatic organisms, with long-term effect. Keep out of the reach of children. If a physician needs to be consulted, have packaging or identification label at hand.

Keep away from heat, hot surfaces, sparks, open flames as well as other sources of ignition. Do not smoke. DO NOT initiate vomiting.

Keep shut away. Dispose of the content/container in accordance with local regulations.

Observe the safety data sheet!
