SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier Trade name	: Miropan-Elast
1.2 Relevant identified uses of	the substance or mixture and uses advised against
Use of the Sub- stance/Mixture	: Water-borne coatings
Recommended restrictions on use	: within adequate application - none
1.3 Details of the supplier of the s	safety data sheet
Company	Alligator Farbwerke GmbH Markstraße 203 32130 Enger
Telephone	: +4952249300
Telefax	: +4952247881
E-mail address Responsi- ble/issuing person	: produktsicherheit@alligator.de
1.4 Emergency telephone	
Emergency telephone 1	: +49613284463 GBK GmbH
SECTION 2: Hazarda idantifi	ication

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture

Classification (REGULATION (EC) No 1272/2008)Skin sensitization, Category 1H317: May cause an allergic skin reaction.

2.2 Label elements

Labeling (REGULATION (EC) No 1272/2008)

Hazard pictograms	:		
Signal Word	:	Warnir	ng
Hazard Statements	:	H317	May cause an allergic skin reaction.

Version 1.0	Revision Date: 06.09.2021	Print Date 15.09.2021	Date of last issue: - Date of first issue: 06.09.2021
Precau	utionary Statements	i label at ha P102 Ke	medical advice is needed, have product container or and. eep out of reach of children. ead carefully and follow all instructions.
		Preventio	n:
			o not get in eyes, on skin, or on clothing. /ear protective gloves/ eye protection.
		Response	e:
		P302 + P3 water.	IF ON SKIN: Wash with plenty of soap and

Hazardous ingredients which must be listed on the label:

1,2-benzisothiazol-3(2H)-one 2-methylisothiazol-3(2H)-one reaction mass of 5-chloro-2-methyl-2H-isothiazol-3-one and 2-methyl-2H-isothiazol-3-one (3:1)

Additional Labeling

EUH211 Warning! Hazardous respirable droplets may be formed when sprayed. Do not breathe spray or mist.

2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

Ecological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

Toxicological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

SECTION 3: Composition/information on ingredients

3.2 Mixtures

Chemical nature :	Silicone resin paint, aqueous, with film protection

SECTION 4: First aid measures

4.1 Description of first-aid measures General advice Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible). Move out of dangerous area. First aider needs to protect himself. If inhaled Move to fresh air. • In case of skin contact : Take off all contaminated clothing immediately. Do NOT use solvents or thinners. In case of contact, immediately flush skin with soap and plenty of water. If eye irritation persists: Get medical advice/ attention. In case of eye contact : IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If swallowed Seek medical advice. : Clean mouth with water and drink afterwards plenty of water. If swallowed, DO NOT induce vomiting.

4.2 Most important symptoms and effects, both acute and delayed

None known.

4.3 Indication of any immediate medical attention and special treatment needed Treatment : No information available.

SECTION 5: Firefighting measures

5.1 Extinguishing media

Suitable extinguishing media	:	Use water spray, alcohol-resistant foam, dry chemical or car- bon dioxide. Use extinguishing measures that are appropriate to local cir- cumstances and the surrounding environment.
Unsuitable extinguishing media	:	None known.

Version	Revision Date:	Print Date	Date of last issue: -
1.0	06.09.2021	15.09.2021	Date of first issue: 06.09.2021

Specific hazards during fire fighting	:	In case of fire hazardous decomposition products may be produced such as: Carbon monoxide, carbon dioxide and unburned hydrocar- bons (smoke).
5.3 Advice for firefighters		
Special protective equipment for fire-fighters	:	Wear self-contained breathing apparatus for firefighting if necessary.
Further information	:	Use water spray to cool unopened containers. Standard procedure for chemical fires. The product itself does not burn.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Personal precautions	:	Use protective shoes or boots with rough rubber sole. Material can create slippery conditions. Do not get in eyes, on skin, or on clothing.
6.2 Environmental precautions		
Environmental precautions	:	Prevent further leakage or spillage if safe to do so. If the product contaminates rivers and lakes or drains inform respective authorities. Do not flush into surface water or sanitary sewer system.

6.3 Methods and material for containment and cleaning up

Methods for cleaning up	:	Keep in suitable, closed containers for disposal.
		Soak up with inert absorbent material (e.g. sand, silica gel,
		acid binder, universal binder, sawdust).

6.4 Reference to other sections

For further information see Section 7 of the safety data sheet. ,For personal protection see section 8.,For disposal considerations see section 13.

SECTION 7: Handling and storage

7.1 Precautions for safe handling

Advice on safe handling	: Use only with adequate ventilation.
	For personal protection see section 8.
	No special technical protective measures required.

15.1 ture	.1 Safety, health and environmental regulations/legislation s	specific for the substance or mix-
	the market and use of certain dangerous substances,	Conditions of restriction for the fol- lowing entries should be considered: Number on list 3
	Concern for Authorization (Article 59).	This product is a mixture and does not contain Substances of Very High Concern (SVHC) equal or above 0.1%. Therefore no advised uses have to be defined and no chemical safety assessment has to be gener- ated.
	Regulation (EC) No 1005/2009 on substances that de- : plete the ozone layer	Not applicable
	Regulation (EU) 2019/1021 on persistent organic pollu- : tants (recast)	Not applicable
	REACH - List of substances subject to authorisation : (Annex XIV)	None
	Seveso III: Directive 2012/18/EU of the Euro- pean Parliament and of the Council on the control of major-accident hazards involving dangerous substances.	applicable
	Water hazard class (Germa- : 1 slightly water endar ny) Classification according to A	
	Product code for laquers and : M-SF01F Water-based, silic paints / Giscode	cone resin paints, active agents
	: BSW50 Coating materials, v	water-based, containing solvents,

Volatile	e organic compounds	film-protected : Directive 2004/42 < 1 %	2/EC
		< 10 g/l	

Other regulations:

Take note of Law on the protection of mothers at work, in education and in studies (Maternity Protection Act - MuSchG).

Take note of Directive 94/33/EC on the protection of young people at work or stricter national regulations, where applicable.

15.2 Chemical Safety Assessment

A Chemical Safety Assessment is not required for this mixture.

SECTION 16: Other information

Full text of H-Statements

H301	:	Toxic if swallowed.	
H302	:	Harmful if swallowed.	
H310	:	Fatal in contact with skin.	
H311	:	Toxic in contact with skin.	
H314	:	Causes severe skin burns and eye damage.	
H315	:	Causes skin irritation.	
H317	:	May cause an allergic skin reaction.	
H318	:	Causes serious eye damage.	
H330	:	Fatal if inhaled.	
H351	:	Suspected of causing cancer if inhaled.	
H400	:	Very toxic to aquatic life.	
H410	:	Very toxic to aquatic life with long lasting effects.	
H411	:	Toxic to aquatic life with long lasting effects.	
EUH071	:	Corrosive to the respiratory tract.	
Full text of other abbreviations			
Acute Tox.	:	Acute toxicity	
Aquatic Acute	:	Short-term (acute) aquatic hazard	
Aquatic Chronic	:	Long-term (chronic) aquatic hazard	
Carc.	:	Carcinogenicity	
Eye Dam.	:	Serious eye damage	
Skin Corr.	:	Skin corrosion	
Skin Irrit.	:	Skin irritation	
Skin Sens.	:	Skin sensitization	
DE TRGS 900	:	Germany. TRGS 900 - Occupational exposure limit values.	
DE TRGS 900 / AGW	:	Time Weighted Average

Further information

Other information:

No exposure scenario communication is required for this product according to REACH Regulation No. 1907/2006 EC.

Communication of Uses is not required in accordance with REACH Article 31(1)(a) - registered substances / mixtures do not meet the criteria for classification as hazardous in accordance with Regulations 1272/2008 EC or 1999/45/EC.

REACH Information

According to our legal obligation we implement the Regulation (EC) No 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH). We will adjust and update our safety data sheets on a regular base in accordance with the information of our upstream-suppliers. As usual we will inform you about the adjustments.

Regarding to the REACH regulation we would like to point out that DAW as a downstream user will not register on behalf of our company. We will rely on information from our suppliers. As soon as new information is available our safety data sheets will be amended accordingly.
