

Plaster Base

Product description:

Ready to use primer based on acrylic hydrosol.

Application:

To prime and level different absorptivity, particularly for solid mineral base surfaces such as all kinds of plaster, indoors and outdoors.

Properties:

- solvent-free
- weather-resistant
- environmentally safe
- easy to use
- quick drying

Binding agent basis:

Based on acrylic hydrosol

Spec. weight:

Approx. 1.01 kg/l

Gloss level:

matte

Shade of colour:

Transparent

Packaging size:

10 l

Application:

Application using brush, paint roller and airless sprayer. Multiple coats can be required for highly absorbent surfaces. Here, wet-on-wet application is recommended. Avoid uncoated remaining film formation.

Surface:

The surface must be clean, dry and viable. Please observe the guidelines of the VOB, Part C, DIN 18 363, sec. 3.1.1 to 3.2.11. Freshly applied plaster must have sufficiently hardened.

Remark:

Do not mix with other materials because this will reduce or neutralize the priming effect.

Cleaning the tools:

Clean immediately after use using water.

Technical specifications
Dilution:

DO NOT dilute! The material is ready for use.

Consumption:

Approx. 150 ml/m². Determine exact consumption data with a sample coat on the object.

Drying process:

Paintable at 20 °C and 65 % rel. humidity after approx. 4 h. Please observe respectively longer drying time in the case of cooler, more humid air.

Airless spraying:

Nozzle: 0.007 - 0.009 inch = 0.18 - 0.23 mm
Spraying angle: 50°

General information
Processing temperature:

At least +5 °C for air and surface.

Storage:

Cool however, frost-free. Seal the opened container tightly.

Declaration of the substances of content:

Acrylic copolymer dispersion (hydrosol), water, additives, preservative: isothiazolinone derivatives

Information on disposal:

For disposal, please observe the legal regulations.

EU threshold value for this product:

Product category: A/h

30 g/l VOC (2010)

This product contains < 1 g/l VOC.

GISCODE:

BSW20

Hazard warnings and safety instructions:

Attention! Contains: 2-methyl-2H-isothiazol-3-one; 1,2-benzisothiazol-3(2H)-one.

Mixture of: 5-chlorine-2-methyl-2H-isothiazol-3-one and 2-methyl-2H-isothiazol-3-one (3:1).

Can cause allergic skin reactions. Keep out of the reach of children. If a physician needs to be consulted, have packaging or identification label at hand. Wear safety gloves/protective clothing/protective goggles/face shield. If skin irritations or rashes occur: consult a physician / seek medical attention.

Observe the safety data sheet!
