

# ® **Glutoclean**

## **Awning Impregnation**

### **Description**

Solvent-free protective impregnation with long-lasting effect for natural and synthetic fabrics. Prevents formation of mould stains. Is dirt and water-repellent and also suitable for tents and sunshades.

### **Effect**

Long-lasting protective impregnation. Produces a water-beading effect on natural and synthetic fabrics. Makes surfaces water and dirt-repellent thus preventing the formation of green films and mould stains. Does not contain any solvents.

### **Area of application**

For all natural and synthetic fabrics such as linen, cotton, acrylic, etc.. Suitable for awnings, sunshades, beach chairs, window and winter garden shadowing, tents, tarpaulin, boat covers, convertible rooves, and the like.

### **Application**

The surface to be impregnated must be dry and clean. If necessary, clean the fabric thoroughly using Glutoclean Awning Impregnation before and let dry. Spray the impregnation richly and evenly at a distance of 30 cm onto the dry weather side. Avoid moisture penetration in the process. Simply let it dry.

### **Please note**

Heat supports the onset of action. It is best to apply the cleaner during dry and warm weather and direct sunlight accelerates the protective effect. Store cool but protected from frost.

### **Technical data**

- Density: 1.0 g/ml
- pH-value: 6.0 – 7.0
- Appearance: clear
- Odour: neutral

### **Safety notes**

- Keep out of the reach of children.
- Do not breathe spray.
- Avoid contact with skin and eyes.
- In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

### **Packaging unit**

750 ml bottle (6 Items in carton)

### **Order No. 390 395**
